

Math Learning Assistant Application

Fall 2019

We invite **undergraduate** students with excellent math and communication skills to become a Learning Assistant in math courses from 090 through 181.

This position is a weekly commitment of at least seven hours, including:

- Three hours of attendance on MWF in the assigned classroom;
- Two-hour scheduled drop-in session each week in the Math and Science Learning Center;
- One-hour weekly content/pedagogy meeting with course coordinator and other learning assistants;
- MTHT 491, Teaching Fellowship in Undergraduate Mathematics, a one credit- hour semester-long course **required of all new LAs that is offered only at 11:00-11:50 a.m. on Tuesdays.**

As a Math Learning Assistant, you will be expected to meet all of your commitments in a timely and collegial manner. Students, instructors, and your fellow LAs depend on you, so you must be able to manage your time and other responsibilities, including coursework. Acceptable absences are your own illness or religious obligation, and must be reported as soon as possible.

Learning Assistants currently earn \$12/hour, except for MTHT 491 for which academic credit is received. Each LA is expected to keep an accurate record of his or her activities and to update and submit these as required.

Please complete the attached application and return it to Debra Levine in SEO 623, or scan and email it to dlevin6@uic.edu. Then, as soon as it is available, forward your course schedule for the coming semester, and note any other ongoing commitments Monday-Friday during the hours of 8 a.m. to 6 p.m.

If you have read the above carefully and have further questions, you may contact Debra Levine dlevin6@uic.edu or Martina Bode bodem@uic.edu.
